

# It's ok to use your phone in most places, but... **Never behind the Wheel**

Ohioans can choose to use their phones lots of places – but never behind the wheel. In Ohio it is illegal in most cases to use or hold a cell phone or electronic device in your hand, lap, or other parts of the body while driving. If an officer sees a violation, they can pull you over.

Drivers over 18 years old can make or receive calls via hands-free devices, including:

- ✓ Speakerphone
- ✓ Earpiece
- ✓ Wireless headset
- ✓ Electronic watch
- ✓ Connecting phone to vehicle

You can only activate or deactivate these devices with a single touch or swipe.

## **CAN I STILL USE BLUETOOTH?**

This law allows drivers over 18 to make or receive phone calls using "hands-free" technology such as Bluetooth or integrated systems within the vehicle, as long as you don't hold or support the device or manually enter letters, numbers, or symbols. If you must physically manipulate your device, you should pull over to a safe location and park your car before handling.

## **WHAT'S OFF LIMITS?**

With very few exceptions, anything that involves using, holding, or supporting a device while driving is off limits. This could include:

**Dialing a phone number**

**Sending a text message**  
*voice to text is legal via a "hands free" method*

**Updating or browsing social media**

**Video calls or FaceTime**

**Browsing the internet**

**Watching videos**  
*GPS/navigational displays are allowed*

**Playing games**

**Recording or streaming video**

Drivers can listen to audio streaming apps and use navigational equipment if they turn them on before getting on the road, or use a single touch or swipe to activate, modify, or deactivate them.

Remember, drivers under the age of 18 are still restricted from using their devices in any way, including hands-free features.

## EXCEPTIONS INCLUDE:

- ✓ Drivers may use their phone to report an emergency to law enforcement, a hospital, health care provider, fire department, or similar emergency entity.
- ✓ Drivers may hold their phone to their ear only during phone conversations, if the call is started or stopped with a single touch or swipe.
- ✓ Drivers may hold and use cell phones and electronic devices while stopped at a traffic light or parked on a road or highway during an emergency or road closure.
- ✓ First responders (law enforcement, fire, EMS) as part of their official duties.
- ✓ Utility workers operating utility vehicles in certain emergency or outage situations.
- ✓ Licensed operators using amateur radios.
- ✓ Commercial truck drivers using a mobile data terminal.

## Keep in mind — EVEN IF you can, that doesn't mean you should.

Looking at your cell phone while stopped at a light can potentially endanger your family, friends, and neighbors. Drivers have a responsibility to watch for people crossing the street or other drivers and bicyclists that haven't yet cleared the intersection. Ohioans are counting on you to pay attention.

Law enforcement is issuing citations for violating this law.

## PENALTIES

### 1<sup>st</sup> offense

Two points assessed to driver license, up to a \$150 fine.\*

### 2<sup>nd</sup> offense

Three points assessed to license, up to a \$250 fine.
